Preface

The main objective of any computer science student is to get practical knowledge as possible. Being able to have a practical knowledge by developing a project is a lifetime experience. As practical knowledge is important as theoretical knowledge we are thankful of having a project.

Through the development of the project we had a great experience of various strategies that can be applied in development of the project. This project is the stepping stone for our career.

We are pleased to present this project report. Proper care has been taken while organizing the report so that it is easy to comprehend. Also, various software engineering concepts have been implemented.

Acknowledgment

We are student of BCA sem-5 Studying in the Kamani Science College Amreli. We Thanks to the entire person who has given their Support in shaping of the system.

We thank **Mr. Rakesh Sir Savaliya** and **Ravi Sir Joshi** for giving us guidance and co-operation in understanding the system. We also thanks them for their unconditional help in making of this project.

We have great deal of gratitude towards our head of department who encourages in taking up this activity. We thank all faculties and administrative staffs of the institute.

I am also thankful to all those friends who have helped me in this endeavor either of indirectly & especially my family.

Thanks to all!!

Gohil Jay

Abstract

The online Freelance Marketplace is a Web Portal on which freelancers and Employers interact with each other in this platform, an employer usually post a project and many freelancers bid on that project, the most efficient bid. In this way the employer gets his job done and the freelancers earn money.

This project aims to develop a freelance marketplace where not only an employer could post a project for bidding but freelancers could also offers his/her services for buyers.

Freelancers and client both can be benefited from this bidding. Client who wish to hire internationally can take advantage of favorable overseas exchange rates , resulting in work being done for 50-90% less than if the project where done in country and also given access to a huge pool of potential work and have the ability to work independently from their homes rather than for a company.

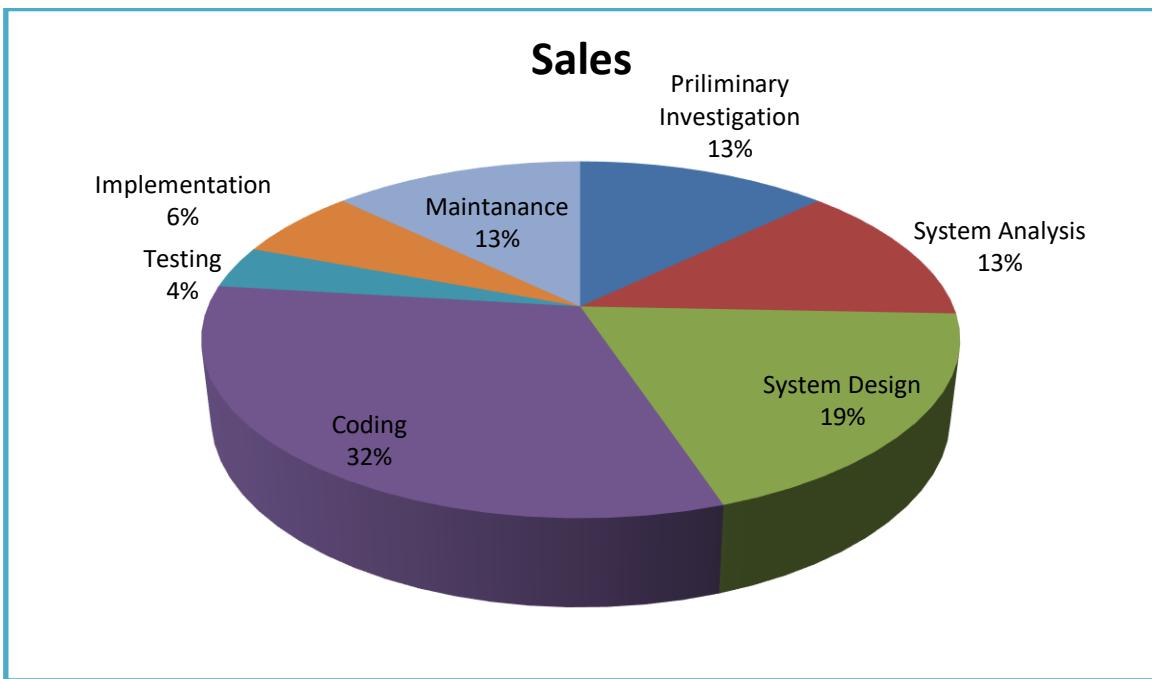

Introduction

Clients often need custom software developed to enhance their business or for personal use. These clients post their projects on this site, along with a maximum amount that they are willing to pay. The project is seen by freelancer's available world-wide and they place their bids on doing the work. The freelancer can browse through each other bidders resume certifications and previous work history on the site

Freelancer is a term commonly used for a person who is self-employed and is not necessarily committed as a particular employer. Freelancers can take several projects. It becomes difficult for a freelancer to manage every task and remember it. For this issue we came up with a solution, this freelancer management system helps the freelancers to manage their projects, there are two modules in this system namely Admin and Freelancer section. Admin can login and add freelancer, manage freelancers, create and assign projects to freelancers, they can also check the progress of the allotted projects along with the report. In Freelancer section, user can login and get new projects assigned, they can view project progress, previous completed projects and they can also give their feedback on it. This is how the system helps to manage the tasks and to get the task to a freelancer.

When the freelancers find by clients they like, they can hire them on the spot to make the transaction a safe, the client does not pay the freelancer directly, but escrows the funds into a special account. This guarantees to the freelancer that the client is credit-worthy, and also resources the client because the freelancer receives no money until the work is complete. When the work is completed the freelancers release the funds to the freelancers. When the work is completed, both parties rate the other party to help future clients and freelancers on the site.

Time Line Chart

Preliminary Investigation	→	10 Days
System Analysis	→	10 Days
System Design	→	15 Days
Coding	→	25 Days
Testing	→	3 Days
Implementation	→	5 Days
Maintenance	→	15 Days

Project Profile

- **Project Name** : Freelancing System
- **Developed by** : Gohil Jay
- **Front End tool** : PHP , JavaScript , Ajax
- **Back End tool** : PHP MySQL
- **Operating System** : Microsoft Windows 7 &Microsoft Windows 10
- **Computer System** : Pentium-IV or Higher, RAM: 256 MB
- **Project Details** : Provide best platform for freelancers and Employers, employers post the project and freelancers get this project and both of benefit this portal
- **Completion Time** : 3 Months
- **Guided by** : Mr. Rakesh Savaliya & Mr. Ravi Joshi
- **Submitted by** : Saurashtra University, Rajkot

Hardware Requirement

- ❖ 512+ MB Of RAM
- ❖ Multimedia Keyboard And Mouse
- ❖ GHz Processor
- ❖ Monitor
- ❖ Printer

Software Requirement

- ❖ **Operating System :** Microsoft windows 7 & Microsoft windows 10
- ❖ **Front End Tools :** PHP , JavaScript , CSS , Ajax , Sublime Text 3
- ❖ **Back End Tools :** PHP MySQL
- ❖ **Documentation Tool :** Microsoft word 2007
- ❖ **Browser Specification :** Google Chrome , Mozilla Firefox

Requirement Specification

In this section provides requirements overview of the system.

➤ Registration :

- Employer :

If employer wants to post project then must be registered, unregistered employer can't post a project.

- Freelancer :

If freelancer want to get the project then must be registered, unregistered freelancer can't get a project.

➤ Login :

Customer login to the system by entering valid user id and password for the use important functionality of system.

➤ Post Project :

Employer can easily post project in this system.

➤ Get Project :

Freelancer can easily get project using this system.

➤ **Send Project To Employer :**

After completed the project freelancer get full payment.

➤ **Generation Report :**

After completing all activities employer and freelancer get full report of project.

Project Problem Definition

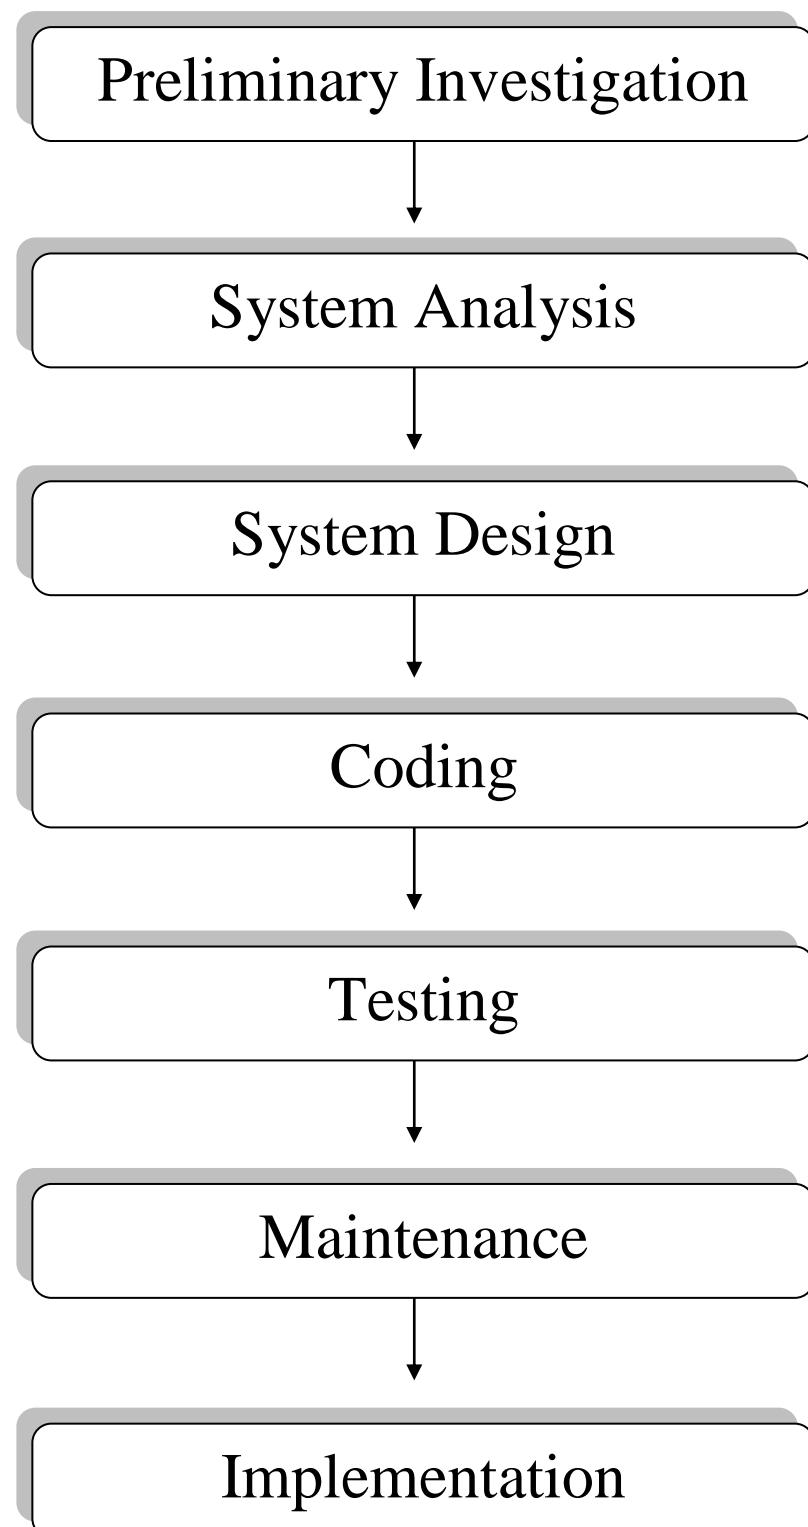

- Maintain User Profile
- Maintain Project Filter
- Maintain Payment
- Maintain Rating Of Freelancer
- Maintain Allocated Work

Project Planning & Scheduling

Project planning is an aspect of Project Management, which comprises of various processes. The aim of these processes is to ensure that various Project tasks are well coordinated and they meet the various project objectives including timely completion of the project. Project Planning is an aspect of Project Management that focuses a lot on Project Integration. The project plan reflects the current status of all project activities and is used to monitor and control the project.

The Project Planning tasks ensure that various elements of the Project are coordinated and therefore guide the project execution. Project Scheduling is one of the most important task of Project Planning and also the most difficult tasks. In very large projects it is possible that several teams work on developing the project. They may work on it in parallel. However their work may be interdependent.

- Project Planning & Scheduling as under :

System Analysis

System analysis is the process of identification of objectives and requirements, evaluation of alternative solutions and recommendation for a more feasible solution. In other words, system analysis is the step by step process of gathering, recording and interpreting facts. The main aim of analysis is to determine problem areas and to take solutions to reduce or eliminate them.

➤ System analysis itself breaks into two stages:

1. Preliminary analysis :

2. Detailed analysis :

During analysis, data are collected from the available files, decision points and transactions of the systems using various tools like Data Flow Diagram (DFD).

Feasibility Study

A purpose of feasibility study is to check out the possibility of a computerized solution to the organization's observed problem before very much money that has been spent on.

A feasibility study is carried out to select the best system that meets performance requirements. Only by spending the time to evaluate the feasibility do I reduce the chances for extreme embarrassment at later stage of the system project.

For the complete feasibility study I need to concentrate on following area:

➤ They are three types of feasibility Study :

1. Technical
2. Operational
3. Economical

➤ *Technical :*

Technical feasibility considers whether the desired project can be completed within the framework of available technology. As our project was website designing, this was not much of a problem, as many advanced web-editing tools are available.

➤ *Operational :*

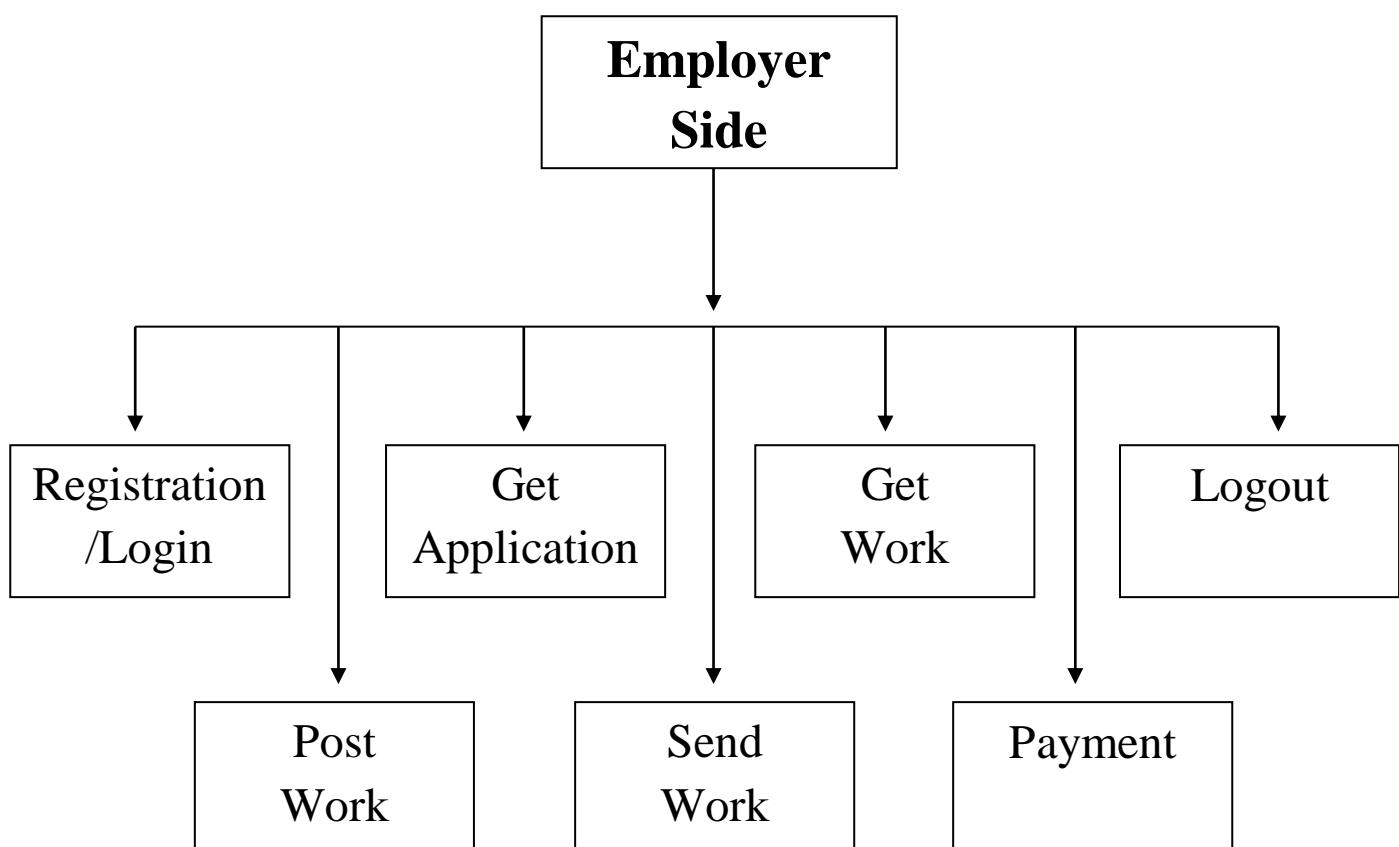

Operational feasibility was done to assure that the product that would be developed would be used. Since cards and gifts have to have a website of its own sooner or later, that wasn't much of a problem.

➤ *Economical :*

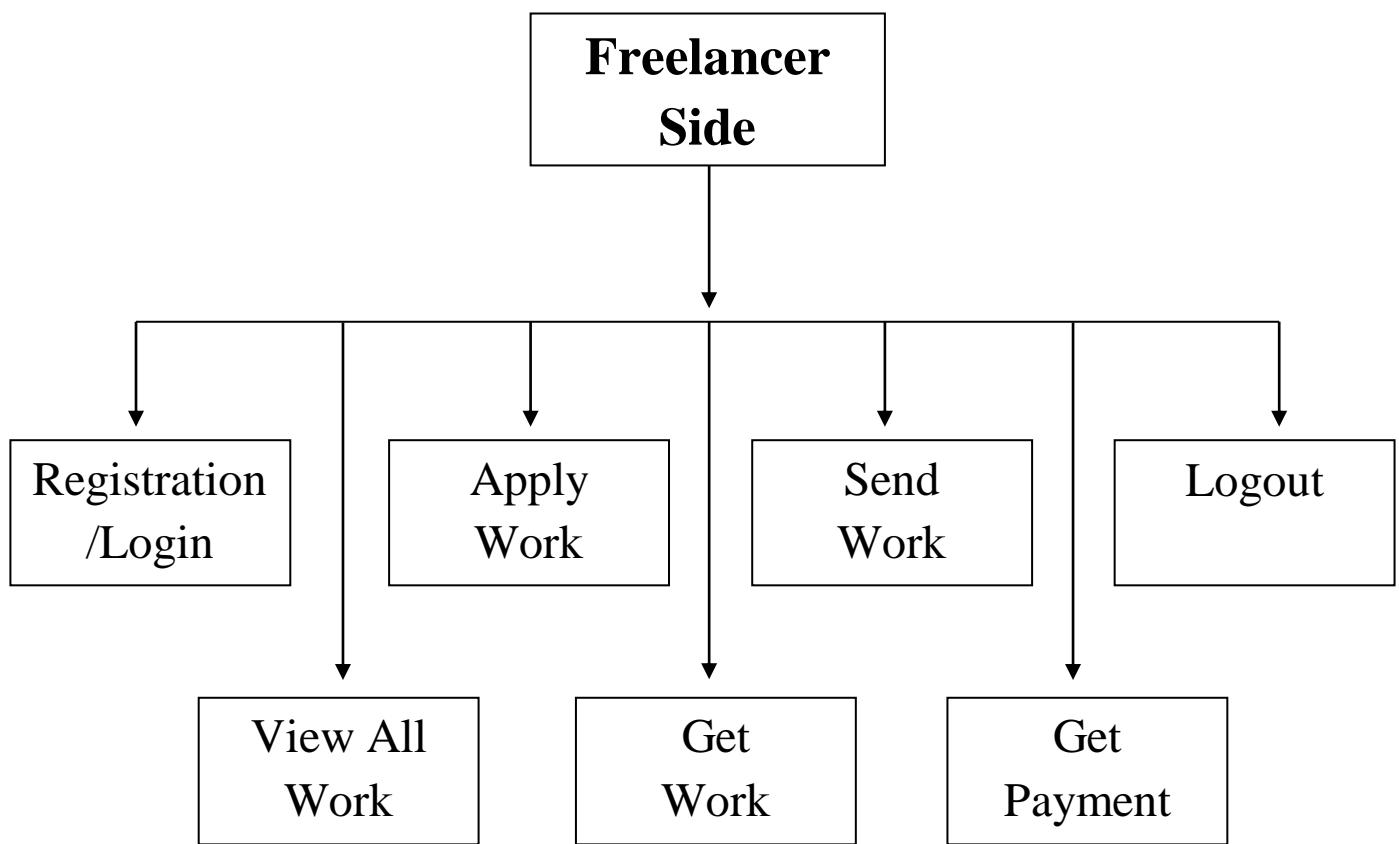

Our Commercial Website is Economically Feasible Because. We have developed this website only for one time. Only future enhancement is required on the other hand every client can view our site any time or many time as per their requirement. So the future economical expenses are null. So we can say that this website is totally economically feasible.

Project Page Structure

➤ Freelancer Side :

➤ Admin Side :

Data Dictionary

The data Dictionary is a set of table. MySQL uses it to maintain information about this own database.

➤ **Data dictionary contains the following information :**

- ✓ Name of the table of database.
- ✓ User information such as privileges.
- ✓ Name and data-type of all columns in database table.

❖ **Database Name : codex**

1. admin_login :

This table is used to store admin information.

Field	Date Type	Size	Attribute
admin_id	Int	10	Primary Key
admin_name	Varchar	50	-
admin_username	Varchar	50	-
admin_email	Varchar	100	-
admin_pass	Varchar	100	-

2. users :

This table is used to store user registration information.

Field	Data Type	Size	Attribute
user_id	Int	11	Primary Key
username	Varchar	50	-
email	Varchar	100	-
role	Varchar	30	-
pass	Varchar	100	-
status	Int	11	-

3. postwork :

This table is used to store post work all information.

Field	Data Type	Size	Attribute
pw_id	Int	10	Primary Key
employer_id	Int	11	Foreign Key
pw_title	Varchar	50	-
pw_details	Varchar	500	-
pw_doc	Varchar	100	-

4. Application :

This table is used to store all information about work application.

Field	Data Type	Size	Attribute
ap_id	Int	10	Primary Key
pw_id	Int	10	Foreign Key
freelancer_id	Int	11	Foreign Key
work_title	Varchar	100	-
ap_name	Varchar	50	-
ap_gender	Varchar	20	-
ap_dob	Date	-	-
ap_expectsal	Double	-	-
skill	Varchar	500	-
status	Int	10	-
time	Timestamp	-	-

5. sendwork :

This table is used to store send work details to client.

Field	Data Type	Size	Attribute
sw_id	Int	11	Primary Key
pw_id	Int	10	Foreign Key
employer_id	Int	11	Foreign Key
user_id	Int	11	Foreign Key
work_title	Varchar	100	-
work_details	Varchar	500	-
last date	Date	-	-
upload_work	Varchar	200	-
status	Varchar	50	-
time	Timestamp	-	-
PAYID	Varchar	20	-
TXNAMOUNT	Double	-	-
TXNDATE	Varchar	11	-
TXNSTATUS	Varchar	30	-

6. getwork :

This table is used to store getwork information from the client.

Field	Data Type	Size	Attribute
gw_id	Int	10	Primary Key
sw_id	Int	11	Foreign Key
user_id	Int	11	Foreign Key
work_title	Varchar	100	-
status	Varchar	30	-
upload_work	Varchar	200	-
feedback	Varchar	500	-
pay_value	Double	-	-
time	Timestamp	-	-
PAYID	Varchar	50	-
TXNAMOUNT	Double	-	-
TXNDATE	Varchar	20	-
TXNSTATUS	Varchar	20	-

7. contactus :

This table is used to store contact us information.

Field	Date Type	Size	Attribute
c_id	Int	10	Primary Key
name	Varchar	50	-
email	Varchar	100	-
subject	Varchar	200	-
message	Varchar	500	-

8. bank_details :

This table is used to store freelancer bank details.

Field	Date Type	Size	Attribute
b_id	Int	10	Primary Key
user_id	Int	11	-
bank_name	Varchar	50	-
acc_no	Varchar	50	-
ifsc_code	Varchar	30	-
address	Varchar	60	-
status	Varchar	10	-

9. rating :

This table is used to store rating of freelancer.

Field	Date Type	Size	Attribute
id	Int	10	Primary Key
user_id	Int	11	-
rating	Float	-	-
count	Int	10	-

Data Flow Diagram

The DFD gives brief idea on how the designed system is working. It also suggests to us the type of users who using this system and the process involved in the system.

➤ Main Index File :

The screenshot shows the homepage of the Codex website. At the top, there's a dark blue header with the word "CODEX" in white. Below the header, a large banner features the text "Get your suitable freelancer for any Work, online." in white. Below this text is a subtext: "Find great talent. Build your business. Take your career to the next level." To the right of the text is a 3D isometric illustration of a laptop displaying a dashboard, surrounded by people, servers, and mobile devices, symbolizing a global freelancing ecosystem. At the bottom of the banner are two buttons: "Get Started" and "Watch Video". Above the banner, the navigation menu includes links for Home, About, Services, Get Work, Post A Project, Team, Contact Us, Login, and a "Sign Up" button. Below the banner, there are several client logos: myob, BELIMO, LifeGroups, Lilly, citrus, and Trustly.

➤ What Great About It ? :

The screenshot shows the "WHAT GRATE ABOUT IT ?" section of the Codex website. The title is centered at the top in a bold, dark blue font. Below the title are four cards, each representing a feature with an icon and a brief description:

- Browse talent**: Find professionals you can trust by browsing their samples of previous work and reading their profile rating.
- Fast bids**: Receive obligation free quotes from our talented freelancers fast. 80% of projects get bid on within 60 seconds.
- Quality work**: Codex.com has by far the largest pool of quality freelancers globally- over 50 million to choose from.
- Track progress**: Keep up-to-date and on-the-go with our time tracker. Always know what freelancers are up to.

➤ Why Codex ? :

➤ About Us :

The screenshot shows the 'About' page of the Codex.com website. At the top, there is a dark blue header bar with the word 'CODEX' in white. Below it is a light blue navigation bar with links: Home, About, Services, Get Work, Post A Project, Team, Contact Us, Login, and a 'Sign Up' button. Underneath the navigation bar, the page title 'About' is displayed in bold blue text. Below the title, there is a section titled 'WHO WE ARE ?' with a decorative horizontal bar underneath. To the left of the text, there is an illustration of three people (two men and one woman) standing around a large screen displaying various charts and graphs. The text on the page discusses the company's mission to bring Employers and Freelancers together and its evolution since 2018.

Codex.com is an expression of our beliefs that we hold close to our hearts. It's one thing to simply provide a platform where Employers and Freelancers can work together. It's another to do it in our own unique way.

We strive to be the premier platform where professionals go to connect, collaborate, and get work done. We believe that the best work is done in a flexible and secure environment. With transparency comes trust, and with a community that's built on meritocracy, people are eager to set aside differences in geography, politics and religion to share and profit from economic opportunities.

Since 2018, we have been working tirelessly out of our offices in Pittsburgh, PA and Noida, India to turn these aspirations into reality. We have developed a close bond with our users. As their needs have changed, we have evolved our platform to provide the tools and support they want. Our users teach us, we learn and we grow. We invite you to become a part of our expanding community!

➤ About Us Footer :

The screenshot shows the footer section of the Codex.com website. The footer is divided into several sections: 'Our Mission' (with text about bringing Employers and Freelancers together), 'Our Vision' (with text about building a better world), 'Our Proposition' (with text about connecting in a safe and flexible environment), and 'Useful Links' (listing Home, About us, Services, Teams, and Contact Us). Below these are sections for 'Our Services' (Post Work/Project, Get Work/Project, Product Management, Marketing, Web Development) and 'Our Social Networks' (links to Twitter, Facebook, Instagram, LinkedIn, and YouTube). The footer also includes copyright information ('© Copyright Codex.com All Rights Reserved') and a 'Designed by Jay Gohil' credit.

Our Mission

To bring Employers and Freelancers together from around the globe to get work done.

Our Vision

To help build a better world that's interconnected for prosperity and wired for peace.

Our Proposition

Connect, collaborate, and get work done in a safe and flexible online environment.

➤ Services :

The screenshot shows the 'Services' section of the Codex website. At the top, there's a dark header bar with the word 'CODEX' in white. Below it, a navigation bar includes links for Home, About, Services, Get Work, Post A Project, Team, Contact Us, Login, and a prominent 'Sign Up' button. Underneath, a breadcrumb trail shows 'Home / Service Page'. The main title 'Services' is centered above four service cards. Each card has an icon and a title followed by a brief description.

- Get Job**
Click here to join us. Get job and finish your financial problems.
- Post Job**
Click here to join us. Post job and release your workload.
- Latest Blogs**
We provide latest blogs about new work.
- Education & Training**
We can provide courses about new skills and give training of those skills.

➤ Team :

The screenshot shows the 'Team' section of the Codex website. It features a dark header bar with 'CODEX' and a standard navigation bar. The 'Team' page is indicated by a breadcrumb trail 'Home / Team Page'. The main title 'TEAM' is centered above two team member profiles. Each profile includes a photo, name, title, bio, and social media links.

Profile	Name	Title	Bio	Social Links
	Jay Gohil	Founder & CEO	Jay Gohil is founder and CEO of codexx.	Twitter Facebook Instagram LinkedIn
	Bhavdip Jikadra	Product Manager	Bhavdip Jikadra is product manager of codexx.	Twitter Facebook Instagram LinkedIn

➤ Registration Account Type :

The screenshot shows a website interface for 'CODEX'. At the top, there is a dark blue header bar with the word 'CODEX' in white. Below it, a light blue navigation bar contains links for Home, About, Services, Get Work, Post A Project, Team, Contact Us, Login, and a prominent 'Sign Up' button.

The main content area has a light gray background. It features two large, rounded rectangular boxes side-by-side. The left box is titled 'Freelancer' in blue and has a 'Get Work' link below it. A small note below says, 'In this type of account type user get work.' The right box is titled 'Employer' in blue and has a 'Post Work' link below it. A small note below says, 'In this type of account type user post work and hire freelancer.'

At the bottom of the page, there is a footer section with several columns of information:

➤ Send Work :

The screenshot shows a web application interface for sending work. On the left is a dark sidebar with navigation links: 'My Account' (selected), 'Welcome, jay3377', 'My Work' (highlighted in blue), 'Post Work', 'Application', 'Work Provide', 'Work Get', 'Settings', and 'My Profile'. The main content area has a header 'Send Work' and a breadcrumb 'Home / Send Work'. Below the header is a blue bar labeled 'Enter Work Details'. Under this, there is a 'Work Title' field containing 'Full Stack Developer', an 'Enter Work Details' text area with placeholder text 'In this work you can devlope php web site.', a 'Last Date' field with the value '31-10-2021', an 'Upload Work' field containing 'work.pdf' with 'Browse' and 'Upload' buttons, and two buttons 'Cancel' and 'Next'. At the bottom of the page is a copyright notice: 'Copyright © 2021-2022 Codex.com. All rights reserved.'

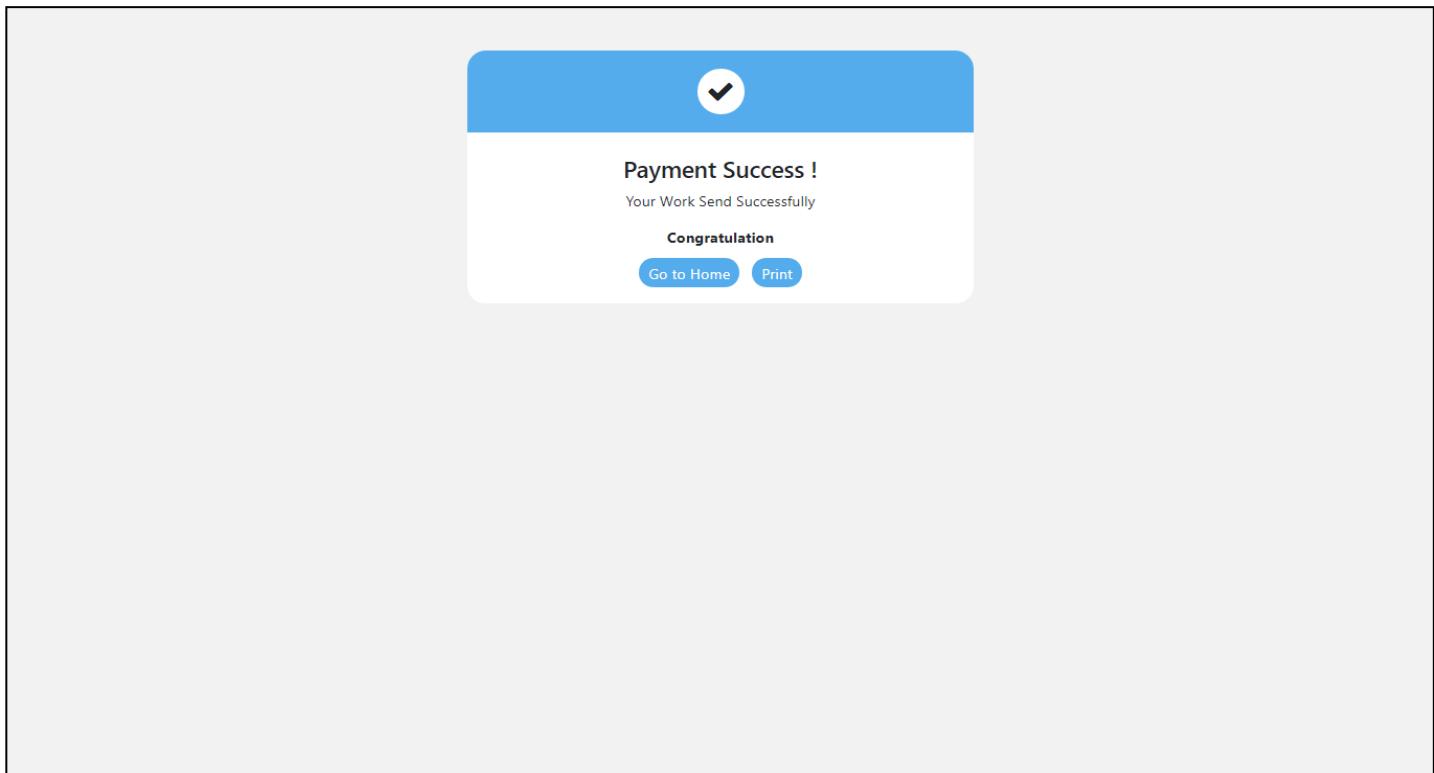

➤ Payment :

The screenshot shows a 'Make Payment' page. The sidebar on the left is identical to the one in the previous screenshot. The main content area has a header 'Make Payment' and a breadcrumb 'Home / Make Payment'. Below the header is a blue bar labeled 'Payment Details'. Under this, there is a 'Payment ID' field with the value 'WRK26085049', a 'Your Email' field with the value 'jay@gmail.com', an 'Amount' field with the value '16500', and two buttons 'Back' and 'Pay'. At the bottom of the page is a copyright notice: 'Copyright © 2021-2022 Codex.com. All rights reserved.'

➤ Payment Process :

A screenshot of a payment process interface. At the top, it says "test Order" and "Transaction ID: WRK26085049". To the right, it shows "Amount to be paid ₹16,500". Below this, there's a note "Pay easily using your saved payment methods" followed by two radio button options: "Debit Card" and "Credit Card". Underneath these, a section titled "Net Banking" is shown with several bank logos: State Bank of India, HDFC Bank (which is highlighted with a green border and a checkmark), ICICI Bank, Axis Bank, Punjab National Bank, Kotak Bank, Andhra Bank, and Bharat Bank. Below the banks is a dropdown menu labeled "Select from all other banks" and a large blue button labeled "PAY ₹ 16,500". At the bottom, there's a note "100% Secure Payments Powered by Paytm" and several security logos: Neteller, PCI-DSS, Rupay, MasterCard, SafeKey, and Verified by VISA.

➤ Returned Work :

The screenshot shows a web application interface for managing work. On the left is a dark sidebar with navigation links: My Account, Welcome, jay3377, My Work (highlighted in blue), Post Work, Application, Work Provide, Work Get, Settings, and My Profile. The main content area has a header "Returend Works" and a sub-header "All my get works". Below is a table with columns: GW_ID, Username, Work Name, Work Status, Feedback, Download Work, Time, and Rating. Three entries are listed:

GW_ID	Username	Work Name	Work Status	Feedback	Download Work	Time	Rating
27	bhavdip	Game Developer	Complete	Done , I like your work.		2021-09-08 22:49:03	
28	shubham	Data Entry	Complete	Nice :)		2021-09-12 18:37:49	
30	shubham	Python Developer	Complete	Done :)		2021-10-01 09:48:15	

At the bottom, there is a footer with "Copyright © 2021-2022 Codex.com. All rights reserved."

➤ Rating To Freelancer :

The screenshot shows the same web application interface. A modal dialog titled "Give Rating !" is open over the main content. The dialog has a "Rating (Stars)" section with a dropdown menu set to "5 Stars". It includes "Close" and "Submit" buttons. The main content area below the dialog is identical to the first screenshot, showing the list of work items with download and rating icons.

➤ Employer Profile :

The screenshot shows the 'Profile' section of the application. On the left, a dark sidebar menu includes 'My Work' (highlighted in blue), 'Post Work', 'Application', 'Work Provide', 'Work Get', 'Settings', and 'My Profile'. The main content area displays a user profile for 'jay3377' (Employer). The profile card shows a placeholder icon, the name 'jay3377', and the role 'Employer'. Below the card, there are three sections: 'My Works' (5), 'Work Provide' (4), and 'Work Get' (3). To the right, a form titled 'Edit Profile' (with a 'Change Password' tab) allows users to change their image, username, email, and role. A 'Submit' button is at the bottom. The top navigation bar includes 'Home', 'Contact', 'Search', and social media icons. The footer contains copyright information: 'Copyright © 2021-2022 Codex.com. All rights reserved.'

➤ Change Password :

The screenshot shows the 'Change Password' section of the application. The sidebar and profile card are identical to the previous screenshot. The main content area features a form with tabs for 'Edit Profile' and 'Change Password' (selected). It includes fields for 'Email' (jay@gmail.com), 'Password' (placeholder: Enter New Password), and 'Confirm Password' (placeholder: Confirm Password). A 'Submit' button is located at the bottom right. The top navigation bar and footer are also present.

Freelancer Side

➤ Freelancer Index Page :

The screenshot shows the homepage of the CODEX platform. At the top, there's a dark blue header with the word "CODEX" in white. Below the header, there's a navigation bar with links: Home, About, Services, Get A Work, Contact Us, My Account, and Logout. The main content area has a dark blue background. On the left, there's a large text block: "Get your suitable freelancer for any Work, online." Below it, a smaller text says: "Find great talent. Build your business. Take your career to the next level." To the right of the text is a 3D isometric illustration of a person standing on a stack of server racks, another person standing next to a laptop displaying a dashboard, and a smartphone on a circuit board base. At the bottom left are two buttons: "Get Started" and "Watch Video". At the bottom right are several logos: myob, BELIMO, LifeGroups, Lilly, citrus, and Trustly.

➤ Need Something Done :

The screenshot shows the "Need Something Done?" section of the CODEX platform. It features a dark blue header with the word "CODEX" and a navigation bar with links: Home, About, Services, Get A Work, Contact Us, My Account, and Logout. Below the header, there are several logos: myob, BELIMO, LifeGroups, Lilly, citrus, and Trustly. The main content area has a light gray background. In the center, there's a heading "NEED SOMETHING DONE?". Below it are four cards arranged in a grid:

- Bid Work**: Freelancer bids new work posted by employer.
- Get Work**: Get your favourite work from codexx.com
- Completed Work**: Complete your work within time limit. And send work to us.
- Payment**: When you are complete your work you can get payment.

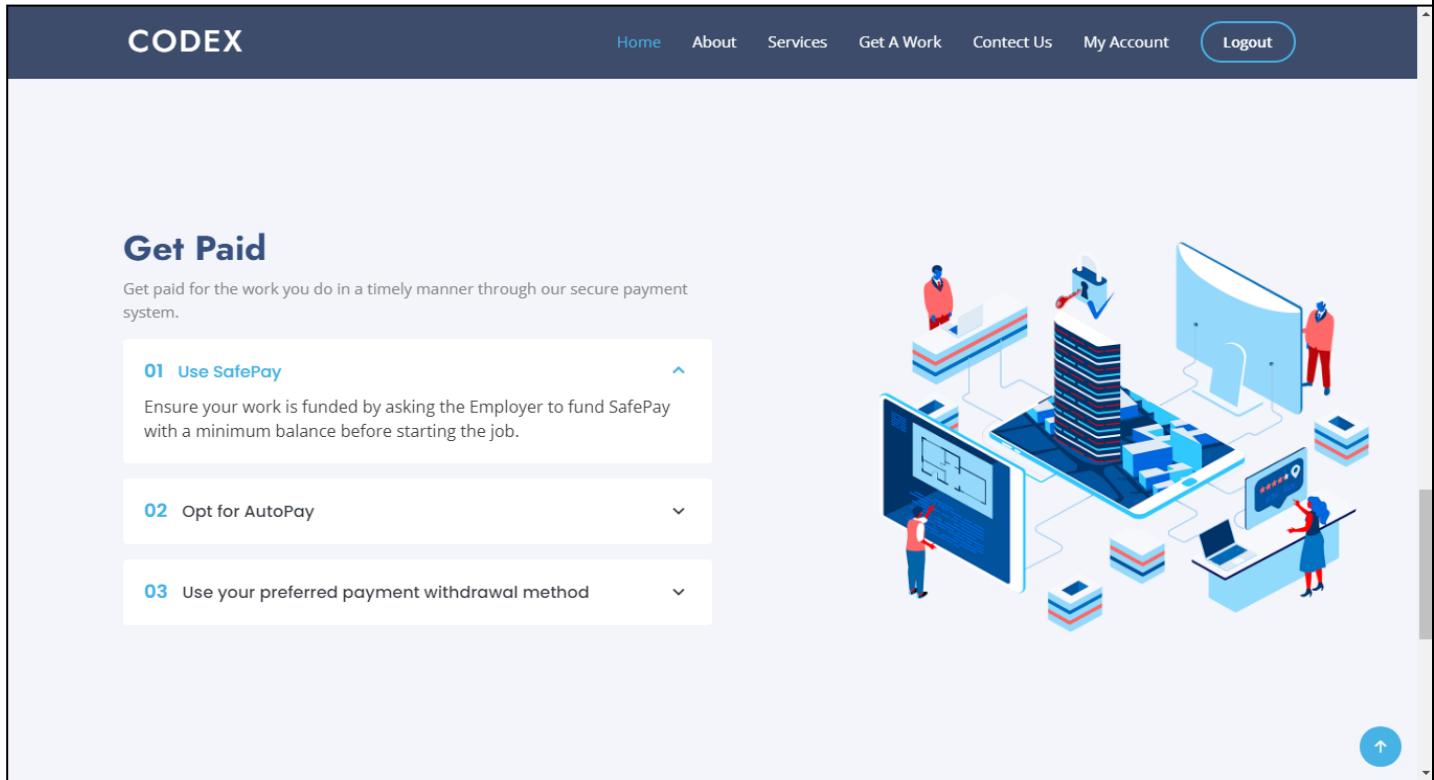

➤ Find The Right For You :

The screenshot shows the Codex platform's interface. At the top, there is a dark blue header bar with the word "CODEX" in white. Below the header are navigation links: Home, About, Services, Get A Work, Contact Us, My Account, and Logout. On the right side of the header is a blue rounded rectangle button labeled "Logout". The main content area has a light gray background. In the center, there is a large heading "Find the Right Job for You" in bold blue text. Below it, a sub-headline reads "We make it easy to identify and apply for the jobs that match your skills and services." To the left of the headline is a vertical list of three steps: "01 View current job listings", "02 Submit quotes", and "03 Get hired". Each step has a small blue arrow icon above it. To the right of the steps is a 3D-style illustration of people working at desks with computer monitors, surrounded by stacks of papers and books. On the far right edge of the screenshot, there are two small circular arrows pointing up and down.

➤ Manage The Work :

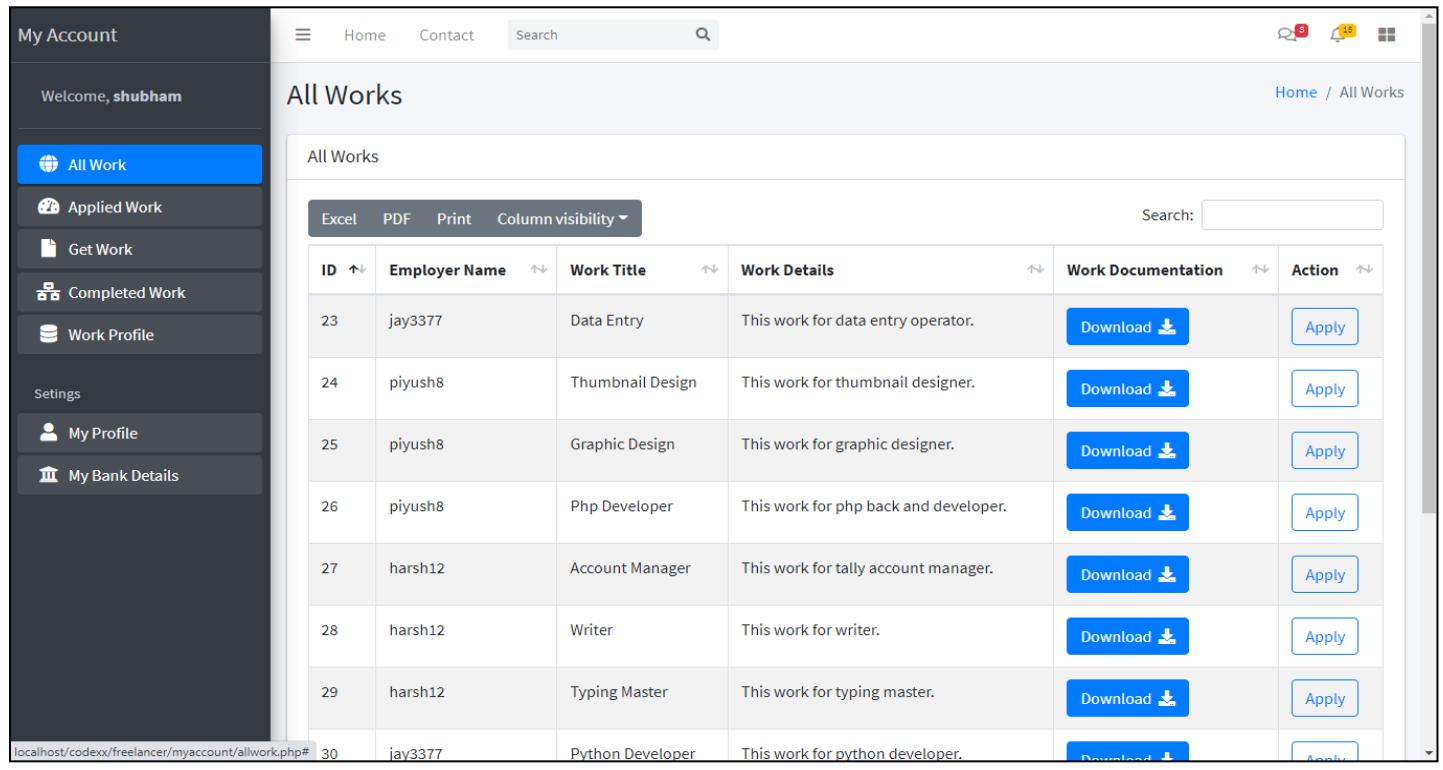

The screenshot shows the Codex platform's interface. At the top, there is a dark blue header bar with the word "CODEX" in white. Below the header are navigation links: Home, About, Services, Get A Work, Contact Us, My Account, and Logout. On the right side of the header is a blue rounded rectangle button labeled "Logout". The main content area has a light gray background. On the left side, there is a large graphic illustrating teamwork and data analysis. It features three people (two men and one woman) standing around a large screen displaying various charts and graphs. The woman is pointing at one of the charts. To the right of the graphic is a heading "Manage the Work" in bold blue text. Below the heading is a sub-headline: "Use WorkRooms to work efficiently, collaborate with team members, and communicate with Employers." To the right of the sub-headline is a vertical list of three steps: "01 Build your team", "02 Enhance productivity", and "03 Keep track of progress". Each step has a small blue arrow icon above it. On the far right edge of the screenshot, there are two small circular arrows pointing up and down.

➤ Get Paid :

The screenshot shows the 'Get Paid' section of the Codex website. At the top, there's a navigation bar with links for Home, About, Services, Get A Work, Contact Us, My Account, and Logout. Below the navigation, the title 'Get Paid' is displayed in a large, bold font. A sub-section titled 'Get paid for the work you do in a timely manner through our secure payment system.' follows. Three steps are outlined in a vertical list: '01 Use SafePay', '02 Opt for AutoPay', and '03 Use your preferred payment withdrawal method'. To the right of the text is a 3D isometric illustration depicting a modern office environment where multiple workers are engaged with their workstations, which are connected to a central data hub.

➤ All work :

The screenshot displays the 'All Works' section of the 'My Account' dashboard. On the left, a sidebar menu includes 'All Work' (which is currently selected and highlighted in blue), 'Applied Work', 'Get Work', 'Completed Work', 'Work Profile', 'Settings', 'My Profile', and 'My Bank Details'. The main content area is titled 'All Works' and shows a table of work entries. The table has columns for 'ID', 'Employer Name', 'Work Title', 'Work Details', 'Work Documentation', and 'Action'. Each row contains details about a specific work item, such as 'jay3377' for Employer Name and 'Data Entry' for Work Title. To the right of each row are 'Download' and 'Apply' buttons. The table also includes a header with 'Excel', 'PDF', 'Print', 'Column visibility', and a search bar.

➤ Applied Work :

The screenshot shows a web application interface titled 'Applied Works'. On the left is a dark sidebar with a navigation menu:

- All Work
- Applied Work** (highlighted in blue)
- Get Work
- Completed Work
- Work Profile
- Settings
- My Profile
- My Bank Details

The main content area has a header 'Applied Works' and a sub-header 'All my applied works'. Below is a table with the following data:

Application ID	Work Name	Expect Salary	Date And Time	Action
17	Thumbnail Design	2000	2021-08-19 10:45:32	Edit Delete
18	Data Entry	6000	2021-08-15 17:51:08	Edit Delete
21	Python Developer	4000	2021-08-19 11:16:39	Edit Delete
24	Graphic Design	5500	2021-09-01 21:21:20	Edit Delete
25	Full Stack Developer	15000	2021-10-02 17:16:05	Edit Delete

At the bottom, it says 'Showing 1 to 5 of 5 entries' and has navigation buttons for 'Previous' (blue), '1', and 'Next'.

Copyright © 2021-2022 [codex.com](#). All rights reserved.

➤ Edit Application :

The screenshot shows a web application interface titled 'Edit Applications'. On the left is a dark sidebar with a navigation menu:

- All Work
- Applied Work
- Get Work
- Completed Work
- Work Profile
- Settings
- My Profile
- My Bank Details

The main content area has a header 'Edit Applications' and a sub-header 'Edit Applications Details'. Below is a form with the following fields:

- Work Name: Thumbnail Design
- Enter Name: Shubham
- Choose Gender:
 - Male
 - Female
- Enter Dob: 01-01-2002
- Enter Expected Salary: 2000
- Enter Your Experience Or Skills:
I am thumbnail designer.

A 'Submit' button is at the bottom.

➤ Completed Work :

The screenshot shows a web application interface for managing completed work. On the left, a dark sidebar menu includes 'All Work' (selected), 'Applied Work', 'Get Work', 'Completed Work' (selected), 'Work Profile', 'Settings', 'My Profile', and 'My Bank Details'. The main content area is titled 'Completed Works' and displays a table of completed tasks. The table has columns: ID, Work Title, Work Status, Feedback, Download Work, Time, and Action. Two entries are listed:

ID	Work Title	Work Status	Feedback	Download Work	Time	Action
28	Data Entry	Complete	Nice :)	Download	2021-09-12 18:37:49	Payment-Receipt
30	Python Developer	Complete	Done :)	Download	2021-10-01 09:48:15	Payment-Receipt

Below the table, it says 'Showing 1 to 2 of 2 entries' and has navigation buttons for 'Previous', '1', and 'Next'. At the bottom, there is a copyright notice: 'Copyright © 2021-2022 Codex.com. All rights reserved.'

➤ Freelancer Work Profile :

The screenshot shows a web application interface for viewing a freelancer's work profile. On the left, a dark sidebar menu includes 'All Work' (selected), 'Applied Work', 'Get Work', 'Completed Work', 'Work Profile' (selected), 'Settings', 'My Profile', and 'My Bank Details'. The main content area is titled 'My Work Profile' and displays four summary statistics in colored boxes:

- Total Profit: Rs. 6000 (Yellow box)
- Total Apply: 5 (Green box)
- Total Work Get: 5 (Blue box)
- Total Send Work: 2 (Dark Gray box)
- My Rating: 4.5★ (Black box)

At the bottom, there is a copyright notice: 'Copyright © 2021-2022 Codex.com. All rights reserved.'

➤ Freelancer Profile :

The screenshot shows the 'Profile' section of a web application. On the left, a sidebar menu includes 'All Work' (selected), 'Applied Work', 'Get Work', 'Completed Work', 'Work Profile', 'Settings', 'My Profile' (selected), and 'My Bank Details'. The main content area displays a user profile for 'shubham' (Freelancer). It features a placeholder profile picture, the name 'shubham', and the title 'Freelancer'. Below this are sections for 'Applied Work' (5), 'Get Work' (5), and 'Completed Work' (2). On the right, there's a 'Change Password' form with fields for 'Email' (shubham@gmail.com), 'Password' (placeholder 'Enter New Password'), and 'Confirm Password' (placeholder 'Confirm Password'). A 'Submit' button is at the bottom of the form.

➤ Change Password :

This screenshot shows the 'Change Password' page within the same application. The sidebar and profile summary are identical to the previous screenshot. The right side contains a form with three fields: 'Email' (shubham@gmail.com), 'Password' (placeholder 'Enter New Password'), and 'Confirm Password' (placeholder 'Confirm Password'). A 'Submit' button is located at the bottom of the form.

➤ Freelancer Bank Details :

The screenshot shows the 'Bank Details' section of a web application. On the left, a dark sidebar menu includes 'All Work' (highlighted in blue), 'Applied Work', 'Get Work', 'Completed Work', 'Work Profile', 'Settings', 'My Profile', and 'My Bank Details'. The main content area has a header 'Bank Details' and a sub-header 'My bank accounts'. A table lists one account:

Bank Name	Account Number	IFSC Code	Address	Action
STATE BANK OF INDIA	1200012563256	SBI200220	Amreli	<button>Remove</button>

Below the table, a message says 'Showing 1 to 1 of 1 entries'. At the bottom right are buttons for 'Previous', '1', and 'Next'. The footer contains the copyright notice 'Copyright © 2021-2022 Codex.com. All rights reserved.'

➤ Add Bank Details :

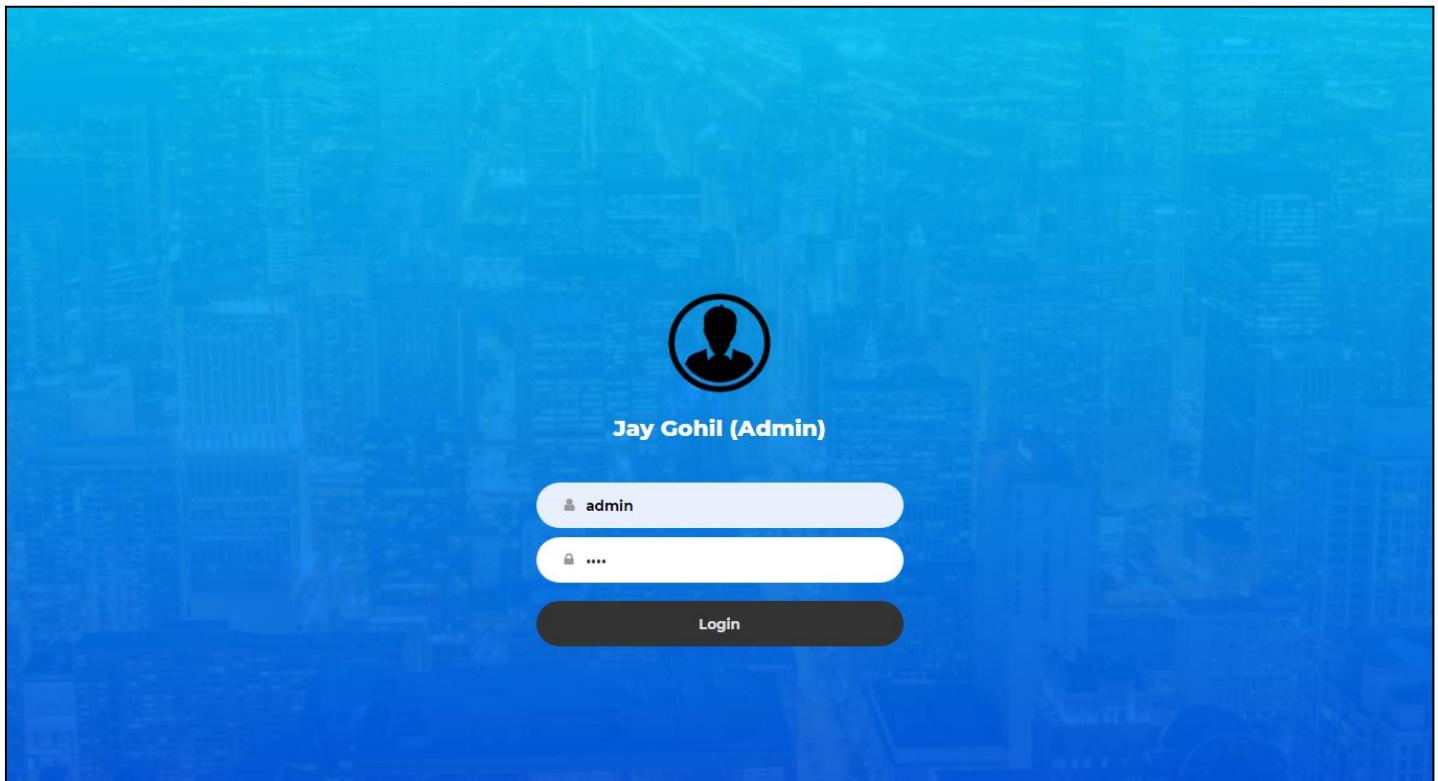

The screenshot shows a modal dialog titled 'Add Bank Details' overlying the main 'Bank Details' page. The modal has several input fields:

- 'Select Bank': A dropdown menu showing 'STATE BANK OF INDIA'.
- 'Bank Account No': An input field containing 'Enter Bank Account No..'
- 'IFSC No': An input field containing 'Enter IFSC Code..'
- 'Bank Address': An input field containing 'Enter Bank Address'.

At the bottom of the modal are 'Close' and 'Send' buttons. The background of the main page shows the same table of bank accounts as the previous screenshot.

Admin Side

➤ Login Form :

➤ Admin Dashboard :

A screenshot of the Admin Dashboard. On the left is a sidebar with navigation links: Home, Contact, Logout, Lock, Jay Gohil, Dashboard, Application, Freelancers, Employers, All Works, Contacts, My Profile, and Web Content. The main dashboard area has a title "Dashboard". It features several cards: "7 Application" (with a shopping bag icon), "6 Freelancers" (with a bar chart icon), "6 Employers" (with a person icon), "12 Total Works" (with a pie chart icon). Below these are "Total Profit Rs. 2600" (with a wallet icon) and "Total Fund Rs. 57750" (with a rocket icon). At the bottom, there are "Total Send Work 7" (with a stack of documents icon) and "Total Get Work 4" (with a stack of documents icon). The footer includes copyright information "Copyright © 2021-2022 Codex.com, All rights reserved." and a version number "Version 3.0.4".

➤ All Application :

WORK_NAME	AP_NAME	AP_GENDER	AP_DOB	AP_EXPECTSAL	SKILLS	TIME	Edit	Delete

Below the table, it says 'Showing 1 to 4 of 4 entries' with navigation buttons for Previous, 1, and Next. At the bottom, it says 'Copyright © 2021-2022 Codex.com. All rights reserved.' and 'Version 3.0.4'.

➤ Contacts :

The screenshot shows the 'Contacts' section of the Admin Panel. The left sidebar contains navigation links for Admin Panel, Jay Gohil, Dashboard, Application, Freelancers, Employers, All Works, Contacts, Settings, My Profile, and Web Content. The main content area has a header 'Contacts' with 'Home / Contacts' links. It displays a table titled 'All Freelancers' with columns: ID, Name, Email, Subject, Message, and Action. The table contains two entries:

ID	Name	Email	Subject	Message	Action
1	jay	jaygohil@gmail.com	hello world.		
4	harsh	harsh@gmail.com	hello	hello1	

Below the table, it says 'Showing 1 to 2 of 2 entries' with navigation buttons for Previous, 1, and Next. At the bottom, it says 'Copyright © 2021-2022 Codex.com. All rights reserved.' and 'Version 3.0.4'.

➤ Profile :

The screenshot shows the Admin Panel interface. On the left is a sidebar with a dark theme containing the following menu items:

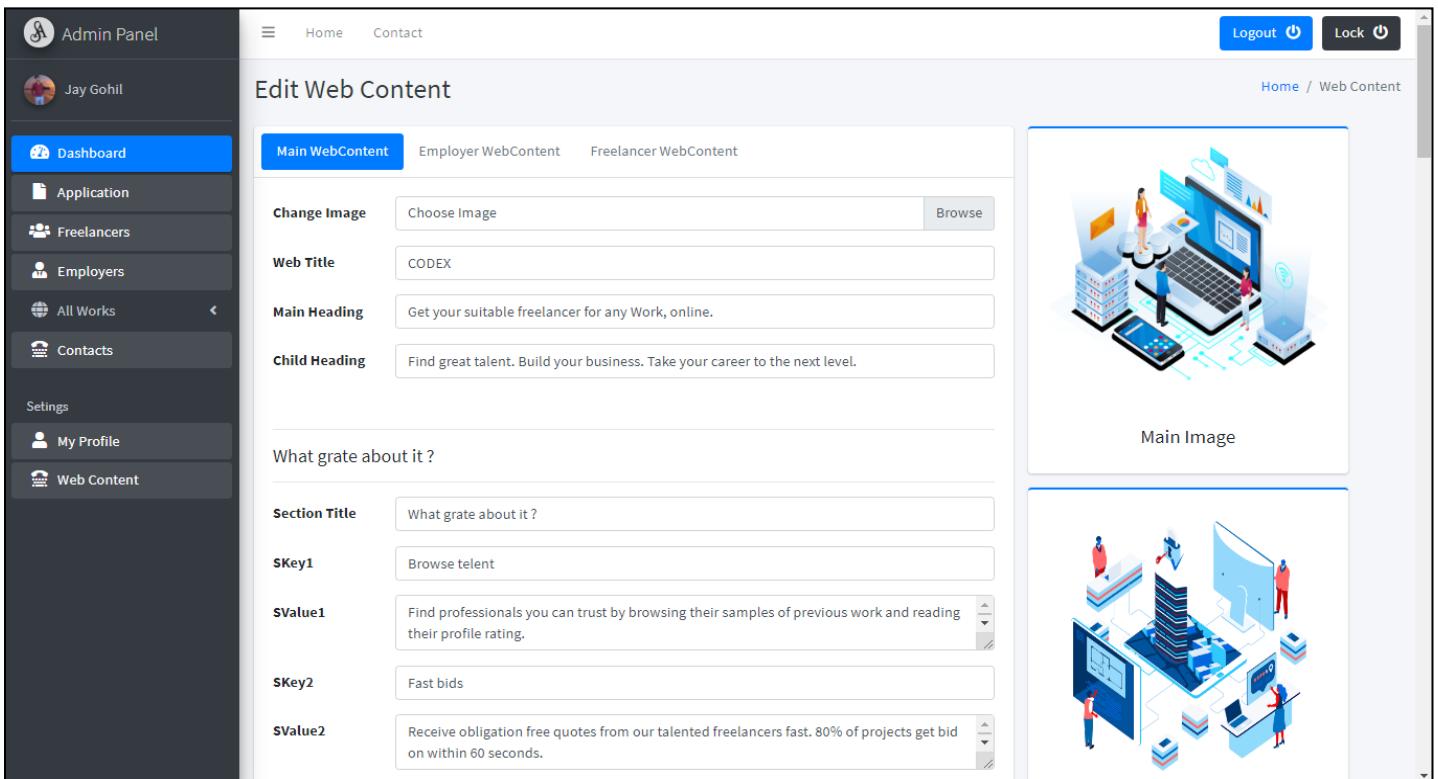

- Dashboard
- Application
- Freelancers
- Employers
- All Works
- Contacts
- Settings
- My Profile
- Web Content

The main content area has a light background. At the top, there's a navigation bar with links for Home, Contact, Logout, and Lock. Below it, the title "Profile" is displayed. The profile section shows a placeholder user icon and the name "Jay Gohil" with the title "Admin". Below this, there are three data rows: "About" (Full Stack Web Developer), "Address" (Amreli), and "Phone" (+91 7624033257). To the right of this is a form titled "Edit Profile" with tabs for "Edit Profile" and "Change Password". The "Edit Profile" tab is active. It contains fields for "Change Image" (with a "Choose Image" button and "Browse" link), "Display Name" (Jay Gohil), "Username" (admin), "Email" (jay3377@gmail.com), "Role" (Admin), "About" (Full Stack Web Developer), "Address" (Amreli), and "Phone" (+91 7624033257). A "Submit" button is located at the bottom of the form. At the bottom of the page, there's a copyright notice "Copyright © 2021-2022 Codex.com. All rights reserved." and a version number "Version 3.0.4".

➤ Change Password :

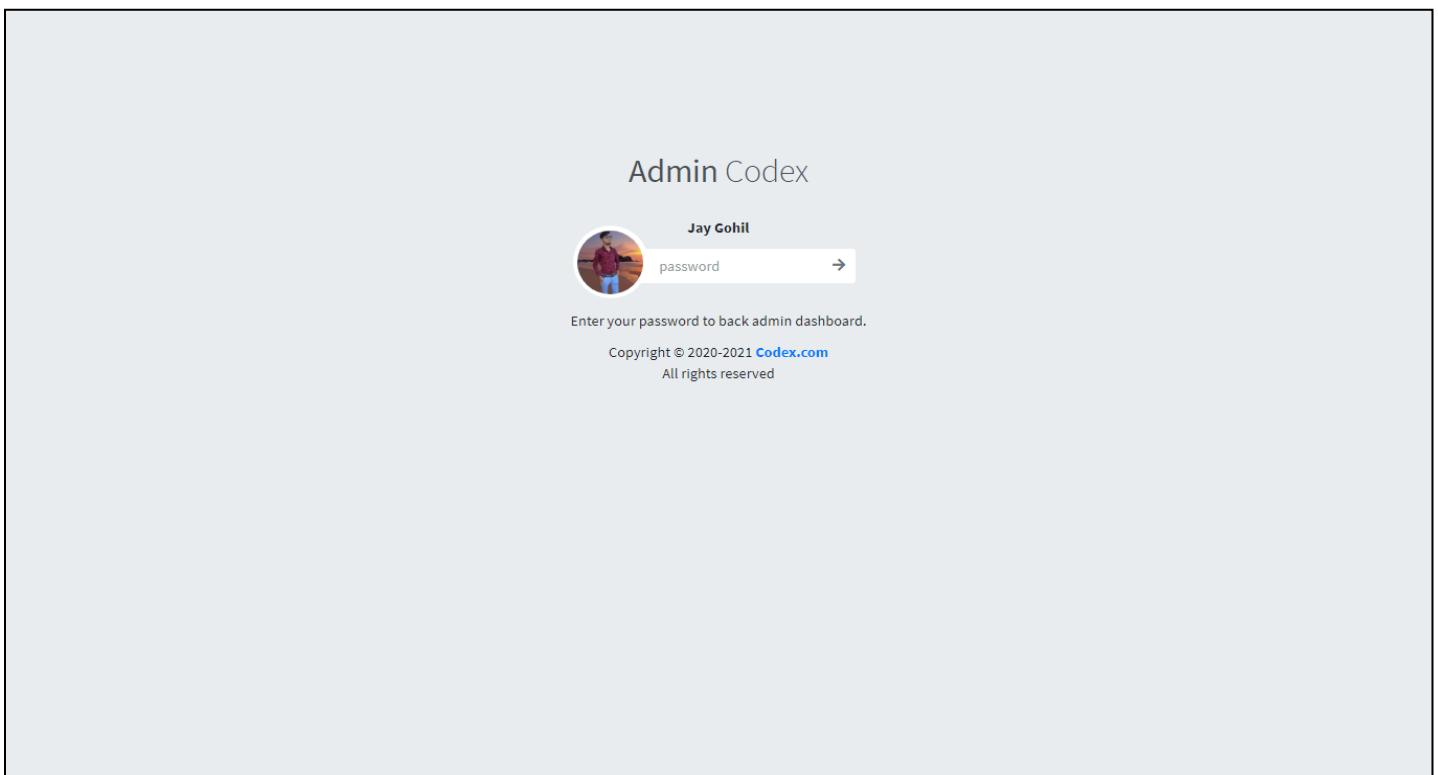

This screenshot shows the same Admin Panel interface as the previous one, but the "Change Password" tab is now active in the form on the right. The "Edit Profile" tab is still visible but not active. The "Change Password" form includes fields for "Email" (jay3377@gmail.com), "Password" (labeled "Enter New Password"), and "Confirm Password". A "Submit" button is positioned at the bottom of the form. The rest of the page, including the sidebar and footer, remains identical to the first screenshot.

➤ Change Web Content :

The screenshot shows the 'Edit Web Content' page of the Admin Panel. On the left, there's a sidebar with 'Dashboard', 'Application', 'Freelancers', 'Employers', 'All Works', and 'Contacts'. Under 'Settings', 'My Profile' is selected. The main area has tabs for 'Main WebContent', 'Employer WebContent', and 'Freelancer WebContent'. The 'Main WebContent' tab is active. It contains fields for 'Change Image' (with a 'Choose Image' button and 'Browse' link), 'Web Title' (set to 'CODEX'), 'Main Heading' (text: 'Get your suitable freelancer for any Work, online.'), and 'Child Heading' (text: 'Find great talent. Build your business. Take your career to the next level.'). Below this is a section titled 'What grate about it?' with a 'Section Title' field (also 'What grate about it?'). There are two expandable sections: 'SKey1' (text: 'Browse talent') and 'SValue1' (text: 'Find professionals you can trust by browsing their samples of previous work and reading their profile rating.'), and 'SKey2' (text: 'Fast bids') and 'SValue2' (text: 'Receive obligation free quotes from our talented freelancers fast. 80% of projects get bid on within 60 seconds.'). To the right, there are two large, stylized 3D isometric illustrations: one showing a person standing next to a laptop with various icons around it, and another showing multiple people working on different devices like laptops and tablets.

➤ Lock System :

The screenshot shows the 'Admin Codex' login page. At the top, it says 'Admin Codex'. Below that is a circular profile picture of a man named 'Jay Gohil'. Next to the picture is a password input field with the placeholder 'password' and a right-pointing arrow button. Below the form, there's a message: 'Enter your password to back admin dashboard.' Underneath that, it says 'Copyright © 2020-2021 Codex.com All rights reserved'.

Future Scope

The **future scope** of this project to help most unemployed persons and help them to earn money from home.

Freelancing in India has already become popular enough to catch hold of a large segment of job-seeking, independent professionals looking forward to learning new ideas and explore more work genres. Freelancing in India sees a remarkable growth, giving a new voice to the modern, hard-working youth from different aspects of Indian society.

The future of freelancing in India looks promising. Many individuals are choosing to work according to their preference like where they want, when they want and the work of their choice.
